GKCU lobbies will be closing briefly during the Solar Eclipse on Aug. 21 (around 2:30pm). Drive Thrus will remain open for business.

Perks of Your Membership

On the Go - Take Us with YOU: Whether a long distance vacation or a daily commute for work, GKCU has many ways to keep you connected to your accounts. With our [Shared Branching locations](#), you have real time access to your accounts, loan payments and transfers, with [Co-Op shared ATMs](#), you can get quick cash at thousands of locations, and with our [Mobile Money App](#) you can check balances, transfer funds and even deposit a check with Remote Deposit. So just keep cruising along knowing your #GKCU is right there with you.

Let's Change: They're under the car seat, the couch cushions, even that 'junk drawer' in the kitchen: coins. And they add up and can make a difference in your savings account. All GKCU offices have fast and easy-to-use coin machines for our members to use (10% fee for non-members). So don't roll those coins; just bring them to your closest GKCU and turn them into cash. (please be sure to clean out any debris & foreign coins from coin bins before inserting into machine).

Direct Deposit: Please remember when you are setting up Direct Deposit you give the correct number for the funds to go into. For **savings**, you put your **MEMBER NUMBER**; for **checking**, it is the **12-digit number** found on the bottom of your checks (starting with 4200). This can avoid delays in your deposits or even having your deposit returned for invalid account info. If you have questions, feel free to call our offices.

In the News

Now You See it - Now You Don't: Are you ready to see some high interest credit card balances to ECLIPSE? Consolidate those other balances to a low, 10.5%APR fixed-rate GKCU VISA and you'll be shining brightly with a full moon of monthly savings. Stop by or [apply online](#). (*rate subject to individual credit; not to exceed 18%. See GKCU for details).

Consolidating multiple outstanding debts helps you not only save money on monthly payments with lower interest rates, it also makes it easier to manage your expenses. To learn more [CLICK HERE](#)

Planning for the Unexpected: Flat Tires. Clogged pipes. Burned out AC. We call them accidents for a reason but that doesn't mean we can't plan for them. Setting up an 'Emergency Savings' is a great way to help you pay for the unexpected. And with [auto transfer](#) options through Netbranch, you can set aside money with the simple click of a button. For details, call or stop by a branch.

Getting started might sound harder than it really is. Like anything, the hardest part is just getting started! [READ MORE](#)

Feeling Overwhelmed?: With email, texts, meetings, conference calls, smartphones and social media, is it any wonder why we feel like we can't escape sometimes? We've all read the recent email response from a CEO to an employee's need for a [Mental Health Day](#); so why don't we take his advice? When we take time for ourselves it gives us a chance to 'recharge'. We sleep better, we think better, we act better which all equals to a [healthier wallet](#) too.

Think about it. When we are maxxed out, we, unnecessarily, spend money on junk food, make impulse purchases (in stores & online!) and may even lapse on paying bills because of binge watching TV. So stay healthy - mind, body & wallet - by taking a day to treat yourself every now & then - your wallet will be glad you did!

*#GKCU will be developing some helpful videos for you to access on our social media pages when you have a question about a product or service. What do you have questions about that you'd like for us to answer? [Email topics here](#) and you'll soon see how-to videos to help answer those questions.

*Summer is for getting outdoors and enjoying where we live! Sponsoring Ecology camps at Hobcaw Barony and summer socials with the Georgetown County Chamber Young Professionals are just two ways GKCUC gets to show how much we love where we live – and the folks we get to call our neighbors and friends!
